

Messages From Above

Healing with the Angels, Mantra and Sound

Energetic Resonance Attunements (E.R.A.) is a unique cosmic experience. Connection is made with the heavens as Divine Beings present themselves, thus leaving their energetic imprints in an individual's frequency. It assists in attuning or restoring one's field when frequencies or vibrations have managed to become unaligned. Their energetic imprints fill the space within the ethereal, physical, and spiritual body, which allows healing, growth and manifestation.

When one is living in this fast-paced society ignoring all the messages from within, breakdown may occur within our emotional, mental, physical and spiritual body. Every cell of the body carries information, whether it is negative or positive. Depending on which is more active in the physical body, you have the opportunity to grow or to feel depleted.

In addition to E.R.A., mantras and/or sound healing, which may include drumming, Tibetan chimes and toning, will further assist with the process of transformation.

Maleine Gargurevich has traveled widely throughout Central and South America as well as North America Europe. She spent many years in the mountains of Hawaii living completely off the grid, where she grew and foraged most of her own food.

At the age of seven she began her journey in connecting with individuals who have crossed over and has been living her life by intuitive guidance for well over a decade now. With this guidance, she has been able to assist herself and others through their journeys or personal challenges. Through these insights, she has been divinely guided to assist all walks of life through *Akashic Readings, Angel Readings, Color/Crystal Healings, Dowsing, Flower Remedies, Hands-On- Healing, Mediumship, Raw Food/Plant Remedies, Reflexology, Reiki, Shamanic Journey, Sound Therapy, and Energetic Resonance Attunements (E.R.A.)*, which further enhances one's healing process, be it emotional, mental, physical, or spiritual. She graduated from The Ann Wigmore Institute in Puerto Rico, as well as the Living Foods Institute in Georgia, and is certified in assisting one to heal their body through Raw Living Foods.

Maleine has many tools that have been acquired along the way to assist in healings, whether they be the using of crystals, feathers, flowers, oils, or other objects. They all speak to her in different ways.

With this gathering, may we join our hearts into oneness. Being open and receptive will further allow the divine energies to enhance our personal essence. Please wear loose comfortable clothing and bring a yoga mat. A blanket is optional.
